

DIAMOND WIRE

INTRODUCING ICS DIAMOND WIRE

The world's leader in Diamond Chain Technology (DCT™) now offers high quality, sintered bead general purpose diamond wire. Providing smooth, fast cutting, low noise, low vibration and almost unlimited cutting depth, ICS Diamond Wire can be used virtually everywhere.

DIAMOND WIRE SPECIFICATIONS	
BEAD TYPE	Sintered MBS™ Diamond
NO. OF BEADS	40/M (40 Beads per meter)
BEAD DIAMETER	10.5 mm
BEAD LENGTH	6.5 mm
SPACER	Vulcanized Rubber over Spring Wire

Benefits

- Low noise and vibration.
- Almost no limit to cutting depth compared to a diamond blade.
- Vulcanized rubber over spring wire bonds to cable better.
- Less wear on pulleys than uncoated wire.

P/N	DESCRIPTION	MSRP
525849	ICS Diamond Wire 10.5mm	\$60/ft
525808	ICS Diamond Wire Connector	\$3/ea.
